

How the Point system works

Overall low score for the event 18 points

Points are distributed per flight as follows:

1 st	15pts
2 nd	12pts
3 rd	10pts
4 th	9pts
5 th	8pts
6 th	7pts
7 th	6pts
8 th	5pts
9 th	4pts
10 th	3pts
11 th	2pts
12 on up	1pt

All ties receive the same amount of point for that place. For example, if 3 people tie for 3rd they all receive 10 points.

When we play Low gross and Low Net they are considered separate events so points are distributed for both events.

In any team event each individual receives the points. For example, if a team finishes 2nd in a 4 person scramble, each team member receives 12 points.

Players also receive 5 bonus points for chip ins and birdies each week. As well as for any pin events we may have that day, (closest to the pin, longest putt made, etc.)
